State Politics—Warming Up.

The Sham Democracy, under the leadership of GEORGE B. SMITH & Co., have called their State Convention, to nominate candidates for Governor &c., on the 27th of next month, and the Barstow managers are already making their arrangements to secure the majority of the delegates. Their operations, thus far, have been conducted with secrecy and quiet, but they have not escaped the vigilance of the anti Barstow Democracy. The last number of the Madison *Patriot* (which wages unrelenting war against "the Forty,") notifies the public of some of their doings, and cautions its friends to be on their guard. We copy a portion of the *Patriot's* article:

The time for the State Convention is approaching—the Forty are getting desperate—they *now* talk of harmony and concession, just as they always do *before* an election or nomination. They would have it understood that they are boiling over with love for the people, and especially for Democratic men and measures. Had we not so often been cheated, deceived, and the people swindled by these desperate scoundrels, they might impose upon us, and we again be kicked and abused *after* the election, just as we have been heretofore.

We have had enough of Fortyism, and we want no more—neither can we longer be deceived by the crew. Whenever one of the crew—who insists that Barstowism and Thievery, generally, is the main plank in the Democratic Platform—puts his head above water, we mean to pelt them with stones.

To show what the Forty are doing, and mean to do, we subjoin to following facts, and let the Democrats look them square in the face, and ask them how large the party will be in four years, if the system is allowed to be continued.

The "facts" are, that the Barstow men have procured the removal of P. H. TURNER from the Palmyra P. O., and are trying *to turn out* the Postmasters at Stevens Point, Ozaukee, Sheboygan, Berlin, Oshkosh, Green Bay, La Crosse and Watertown, to make room for so many adherents of "the forty." It is also asserted by the *Patriot* that several of the newly appointed Federal Officers in this State are *Know-Nothings*—which is more than probable. The *Patriot* thus concludes:

So much for the programme, of the Rat Tails Are they such fools to think they can thus run over every decent Democrat in the State,—put their own stripe in nomination for the most responsible offices in the State, with any possibility that the people will *ratify* their ambition?

No, no, gents, if you have the least regard for the Democratic party, and are not wholly given up to *self* and plunder, just keep your crowd on the mourner's seat,—let honest, decent men be put in nomination, and give us a *chance* to beat the Republicans.

Notwithstanding the *Patriot's* appeal, there seems to be no disposition on the part of "the forty" to stand back. On the contrary, they claim and intend to keep control of the party and to regulate the nominations to suit themselves.

The Minnesota Convention.

We are indebted to Mr. STORMS for some particulars of the Minnesota Constitutional Convention, which met at St. Paul on the 13th inst.—There is considerable excitement relative to the matter, and the Republicans (with their usual obstinacy) have split off, and two conventions are in full blast. The Republicans, numbering 59, have one Convention, while the Democrats, numbering 44, have organized in the Council Chamber with Hon. H. H. SIBLEY as President.—*American*, of yesterday.

The *American* has the same enlightened idea of obstinacy that the odd jayman had, who complained that his eleven associates were the most wrong-headed fellows in the world, because they would not agree with him. "The Republicans numbering 59," constituting a majority of the members elect to the Minnesota Constitutional Convention, have formally organized at the usual time and place, and are quietly and legally prosecuting their labors. "The Democrats, numbering 44," a factious minority—have "split off," and set up for themselves, because the majority would not allow them to trample the law and the will of the people under foot.

☞ The *Sentinel* says its "sympathies are decidedly" with Mr. ROLLINS, the K. N. candidate for Governor in Missouri. That is natural enough, as its sympathies have always been with proscriptionists.—*News*, of yesterday.

The two candidates for Governor in Missouri, ROLLINS and STEWART, have both been Know-Nothings. But while STEWART, the nominee of the Sham Democracy, is an active and willing tool of the Slavery propaganda, ROLLINS is opposed to the extension of Slavery and is warmly supported by the "Free State" Party. Hence our preference for Rollins over Stewart. The *News*, true to its instincts and its livery, sustains the Know-Nothing and Pro-Slavery candidate.

Commencement at Carroll College.

We regret that we were not able to be present on Wednesday at Waukesha, to witness the Annual Commencement exercises of Carroll College, which are said, by several who were present, to have been of a very interesting character. The first class which has completed the course since the founding of the college, consisting of five young gentlemen, graduated with honor to themselves and their Alma Mater.

Carroll College, under the watchful care of its able President, Rev. Dr. SAVAGE, is in a highly prosperous condition for a young institution, and its standard of education being high, and calculated admirably for the intellectual development of the students, while its situation is one of the most beautiful among those occupied by kindred institutions, the institution cannot fail to grow in the favor of the public.

We publish elsewhere a sketch of the proceedings.

IRON FOR THE LA CROSSE & MILWAUKEE R. R.—The last shipment of the 11,000 tons of iron purchased by this Company for its extension to La Crosse, has been shipped from New York, and the greater part of it has been delivered in this city, coming *via* Oswego, with great despatch.

The work of tracklaying is proceeding towards Kilbourn City, and we shall doubtless be able to visit that famous town, and the adjacent dells of the Wisconsin river, in a few weeks.

RAILROAD IRON ARRIVED.—Since the opening of navigation this year, the railroad iron received at this port has reached a valuation of nearly $230,000, on which duties have been paid at the Custom House, amounting to about $80,000.

ERIE R. R. TELEGRAPH.—The Elmira, N. Y., *Gazette* says the business transacted by the New York and Erie Railroad Company over their line of telegraph is immense. The average number of messages transmitted by them each month is over 20,000—over 150,000 words. Computed at the usual tariff rates, the charges would amount to about $12,000. This would be a heavy item of expense if the company did not own their own telegraph line.

DISSATISFACTION AMONG THE MORMONS.—The latest accounts from Utah are quite encouraging. The reports of the speeches of the arch-villain, Brigham Young, show, by his fierce lashings of the "unfaithful" and "backsliding" members, that the spirit of dissatisfaction is spreading, and promises an open rupture as soon as the new Governor arrived with a force sufficient to protect the "rebels" from being murdered by Young and his Danites. Large parties are arriving on the borders of Missouri every week, who have fled from Deseret, that sinkhole of corruption and vileness.

A body of sixty or seventy arrived at Omaha, Nebraska, ten days ago, and the Quindaro *Chindowan* states that a party of several hundred Mormons, just from Utah, and bound for the Southern part of Kansas, where they propose to settle, passed Fort Leavenworth on the 2d. They are represented as heartily sick of the tyrannical rule of the Mormon leaders, and were fearful if they remained, of suffering violence during the anticipated conflict between the United States Government and the Brigham Young oligarchy.

A letter from Fort Laramie dated June 11th, states that from eight hundred to a thousand Mormons have already passed that point this season, returning to the States.

THE TIDE OF IMMIGRATION.—We find the following official record, of the number of immigrants arrived at Quebec, to July 10th for this and last year, in the Toronto *Globe* of the 13th inst.:

Return of the number of Emigrants arrived at the Port of Quebec to the 10th of July, 1856 and 1857:

Whence	1856.	1854	Increase.
From England	4101	7523	3422
Ireland	903	1687	784
Scotland	1323	1718	396
Germany	2626	4340	1714
Norway	2156	5747	3591
Lower Ports	24	16	..
	11163	21032	9907

A. C. BUCHANAN
Chief Agent.

Government Emigration Office,
July 10, 1857.

This table shows a very large increase in the immigration *via* Quebec. This is due, undoubtedly, to the improved facilities afforded by this new route of travel, and the fact becomes the more interesting and significant to us in Milwaukee when we remember that the completion of the Detroit and Milwaukee and the Milwaukee and Port Huron Railways, will make this city the receiving and distributing point for the whole of the immense immigration coming to the West from the Old World by way of Quebec and the Grand Trunk and Great Western Railways.

A REPUBLICAN CONVENTION AND NOMINATIONS IN A SLAVE STATE.—On Wednesday morning last, a Republican Convention was held at Newport, Ky., for the purpose of nominating a candidate for Congress. The meeting was presided over by Mr. C. G. Payne, of Covington, the city where Mr. Jolliffe was mobbed a few weeks since. A Committee on resolutions was appointed, and at an adjourned meeting in the afternoon, reported a series, a portion of which we subjoin:

Resolved, That it is to the paramount interest of Kentucky if she would keep pace with the growth and onward race of her sister States of the West, to foster and encourage free white labor, and that all her white citizens should be free men, free to think, free to speak, and free to vote.

Resolved, That the existence of slavery in Kentucky is deeply to be regretted, and that however much differences of opinion may exist in regard to the propriety of abolishing it now, still, were we free from it, we would unanimously oppose its introduction here; and while entertaining these principles, if application at home.

Resolved, That we heartily adopt the principles of the great American Republican party, namely: "non-interference (on the part of Congress or the free States) in regard to slavery in the sovereign States where it now exists, and non-extension of slavery over Territory now free."

Resolved, That we hold, with Chief Justice Marshall, that sovereignty is inherent in the people, and not in property.

After the adoption of the resolutions without a dissenting voice, Mr. C. G. Payne was placed in nomination for the State Senate, and Mr. B. F. Sandford was unanimously nominated for Congress.

Fourth of July in South Carolina.

The famous South Carolina militia annually, on the "glorious 4th," air their vocabularies.—According to the Charleston *Mercury*, the following where among the patriotic toasts drunk by the doubtless very drunk members of the invincible "Boat Company No. 4, Lower Battalion, 15th regiment of S. C. M:"

Hon. P. S. Brooks—Though dead, yet liveth in the hearts of the sons of Carolina.

Gen. Bonham, successor to Brooks—Able to lash with tongue and hand, may he keep in mind the achievements of his predecessor, and *when argument has failed*, wipe out every stain attempted to be thrown upon the people or institutions of the South, by the magic of a *cowhide*.

Slavery—An institution which the wants of society keep in existence: negroes in the South and white slaves in the North.

Hon. L. M. Bonham, Member of Congress from Edgefield: may he supply himself with a cane, named after his predecessor, of sufficient strength and size to beat, whenever hit country's rights demand it, all the Abolitionists from the Government seat at Washington.

The hemp crops of Kansas—ought to be applied in a domestic way, to hang Free State agitators in the Territory.

SOUTHERN WISCONSIN R. R.—The work of track-laying on the extension of the Milwaukee & Mississippi Railroad, west of Janesville is going on rapidly. The Monroe *Sentinel* says:

We are informed by Rest's Engineer Dodge, that the construction train on the Southern Wisconsin Railroad has crossed the track of the Beloit & Madison R. R. The grade on the Spring Valley cut was to have been finished last Saturday evening. For some time past they have had a night and day gang at work on the job. The track-layers will therefore have no obstruction to their labors until they have spiked the last length in our village.

The cars will enter Brodhead about the first of next month.

The extension of this line to Monroe will throw a very heavy business on this road at once. No finer agricultural region than Green County lays open to the sun. We are impatient for the coming of the good time.

PRINCE ALBERT'S NEW TITLE.—As many persons, doubtless, wonder what advantage Prince Albert gains by the title of "Prince Consort," recently conferred upon him, they will be glad to see an explanation of the mystery.

Prince Albert, though the father of nine British princes and princesses, has never been *legally* recognized as a member of the Royal Family, and has only had the right of the title of "Serene Highness," as a prince of Saxe Coburg, a younger brother of a German Ducal House.

The Prince Consort will now be entitled, on state occasions, *abroad*, to take the place of a British Prince. At home, a Royal who sometime since gave him precedence over all the members of the family except the Queen.

TREASURE TROVE.—The Delaware *Reporter* says that a large quantity of Spanish silver coin has been found under and about the wreck of a vessel on Phœnix Island, Maryland, just below the southeastern part of Delaware. The wreck is said to be that of a Dutch Galliot which was lost about fifty years since, having on board one million of dollars in specie. The excitement among the natives is said to be great. Crops are left untilled, shops and stores are closed, and thousands of persons are on the beach raking for silver.

A BRILLIANT SURVEY.—The Sabula *Tribune* says that a large portion of the work on the Lyons track of the Iowa Central R. R. will have to be done over again, on account of errors in the survey, which in several places have made grade of 66 feet to the mile!

Carroll College Commencement.

The first graduating commencement of this Institution came off on the 15th inst., and was an occasion of no ordinary interest. Hitherto the friends of this College have felt that its interests, if not its existence in the State, have been too little appreciated. We trust that such is to be its experience no longer. The exercises on Wednesday last, were certainly calculated to bring Carroll College into notice, and were highly creditable, alike to its faculty and the pupils. One who had the privilege to be present, and to attend most of the previous examinations, and who has had opportunity to know something of similar examinations for many years, was seriously impressed with the conviction, that few Colleges of our country could have made a more creditable exhibition.

The Professors and Tutors alike seemed to have understood their duties, and to have pursued a thorough course of instruction. One thing particularly pleased us: with a thorough knowledge of whatever may be considered new, or improved, in the present method of instruction, and with the most decisive evidence that the pupils were taught to think for themselves, there was no departure from the established truths, whether of Science, or Religion; and Carroll College proved itself to be what its friends and founders originally intended—an institution of sound learning in conservative connection with established principles of Morals and Philosophy.

The Institution is under the particular supervision of the Presbyterian Church—the only one of this relation in the State; but its advantages are by no means confined to this denomination, nor, we hope, its patronage.

The exercises, in connection with the commencement, were as follows: Professor EVANS delivered an able and brilliant lecture to *the Society of Inquiry on Missions* at the Presbyterian church, on Monday evening. On Tuesday evening, we had what all, we believe, will agree in regarding as the great attraction of the occasion—an address before *the Philomathean Society* by the Rev. Dr. VAN RENSSELAER, of Philadelphia. We wish that all the friends of the Civil, Religious and Educational interests of Wisconsin, could have listened to this truly learned and patriotic address. We have a hope that it may be priated.

On Wednesday the graduating exercises came off; they consisted of orations from 4 young gentlemen now taking their first degree—the fifth member of the class being prevented attendance by sickness. The speaking, style of writing, and method of thought, were all respectable, and some of them exhibiting unusual talent. These orations were interspersed with a biographical history of the class, in connection with that of the College, affording an entertaining as well as novel part of the programme.

The conferring of Degrees, which followed with the President's baccalaureate, was in good keeping with the other exercises; and the audience separated, it is believed, with unmixed satisfaction—only to wish well to the class, and that an institution so creditably commenced, may be suitably sustained, and send forth from year to year many such *alumni* as have now for the first time been graduated.

It should be mentioned, perhaps, that an effort is now being made, and with some degree of success, to bring this College under a more efficient patronage.

A finishing course, in the feast, was furnished, as usual, by the ladies, who gave a levee in the evening, at the College Hall, where a crowded concourse was entertained with all that could please the eye of taste, and other *tastes*; also, the ear of music and most elevated social intercourse.

A FRIEND OF CARROLL COLLEGE.

Milwaukee, July 17th, 1857.

The late Mr. Marcy's Class in College.

The late Hon. Wm L. Marcy, was graduated at Brown University, R. I., in 1803. A correspondent of the Detroit *Advertiser* mentions the following persons as members of the same graduating class;

Hon. John Rodgers, since Governor of Rhode Island; Hon. Albion K. Parris, since Governor of Maine; Hon. Albert Green, many years Attorney General of R. I., and once United States Senator from that State, Hon. Dutee J. Pierce, for a number of years a representative in Congress, from Rhode Island; Rev. Dr. Bolles, of the Baptist Church. Hon. Josiah J. Fiske, many years a State Senator, and one of the Governor's Council of Massachussetts.

THE CITY BANK.—Mr. S. B. SCOTT has resigned his position as Cashier in the Kenosha City Bank, and Mr. E. G. DURANT, of the firm of Hubbard & Co., has been elected as his successor. Mr. Scott has filled the station as Cashier, for several years, in a manner highly creditable to himself as a business man, and most advantageously to the Bank. No institution of the kind in the State has done a larger or more satisfactory business in proportion to its capital stock, than the Kenosha City Bank, and none has stood higher in the confidence of the business community. And much of this has been due to the high character for business talent in this line, of Mr. Scott. —*Kenosha Telegraph, July 16.*

Mr. SCOTT, we understand, resigns the Cashiership of the Kenosha City Bank, to accept that of the new Juneau Bank in this city. We shall gladly welcome him to Milwaukee.

AN EDITOR TURNED SAILOR.—The following paragraph from the Green Bay *Advocate* accounts for the perilous trip which we alluded to a day or two since, as having been taken by our friend ROBINSON, the editor of that paper:

Capt. CROOKS, of the bark *White Cloud*, fell from a pile of lumber on to his vessel last week, injuring him internally in such a manner that his life was despaired of for a time. We are happy to state that he is fast recovering. Our editor who is "jack of all trades," finding his vessel ready to sail, without a captain, took command and left port for Milwaukee on Friday evening last. We commend Capt. Robinson to the favor of the lake fleet generally.

TOWN OF YORKVILLE, RACINE CO.—The Racine *Advocate* has the following Assessor's return of the productions of the town of Yorkville, for 1856, made in accordance with the law of last winter:

☞ A brave veteran officer, reconnoitering a battery which it was necessary to storm, laconically answered the engineers, who were endeavoring to dissuade him from the attempt—"Gentlemen, you may say and think what you please; all I know is, that the American flag must be hoisted on the ramparts to-morrow, for I have the order in my pocket."

☞ There is to be a national emancipation convention at Cleveland Ohio, on the 25th, 26th and 27th of August, called by Elihu Burritt; to discuss his scheme for the peaceful removal of slavery.

Fall River.

This beautiful and thriving little Village is situated near the head waters of the Orawfish river, twelve miles from Beaver Dam, and twenty-five from Madison, on the direct route of the Madison, Fond du Lac & Michigan Railroad, between the above places, the grading of which road is nearly if not entirely completed between this place and Beaver Dam. And undoubtedly the ties, (which are mostly cut and drawn along the line of the road) will be placed and the iron laid before the middle of October next.

Also, the Watertown Division of the La Crosse Railroad, now completed to Columbus, 44 miles from Fall River, is surveyed and located through this place.

The Madison, Fond du Lac & Michigan R. R., will form a junction at this place—one branch leading to Madison, and there connecting with the Milwaukee & Mississippi R. R., the Milwaukee & Watertown R. R., and the Beloit & Milwaukee R. R. The other leading to the Mississippi, near the northern line of Iowa, via Baraboo. These two Railroads will, without a doubt, in a few days be completed to this point, thus opening two great and important thoroughfares through one if not *the* best portions of the State.

Of the business on these roads we need not speak, for when we take into consideration the immense amount of lumber alone, which will be carried from all northern pineries of the State through on these roads to supply the vast prairies of Illinois, as well as Wisconsin, saying nothing of other freight and passengers which must pass over them, we can safely conclude that these roads are to be important and paying roads, and that the now quiet and pleasantly located village of Fall River, (being both a junction and crossing of these roads,) must in a short time become a place of note, and an important inland town.

These are its railroad facilities, but they only comprise a part of the advantages this town has for making it an important place. Its excellent water power, high and healthy location, the beautiful country around it, and the moral and intelligent character of its population, are objects which tend to make it a desirable place for those seeking homes in the West. AM. HOME MISS. SOC. AND SLAVERY.—The Rev. S. H. Cox, an active and leading member of the *American* (Presbyterian) *Home Missionary Society*, condemns the recent action of that Society, and administers the following pungent and pertinent reproof. He says:

"The new generation that has been since extemporized into being, and office, and experiments, may not be able to charge their memory with any of it—not so with me! I was detained for its sake, blaspheméd! hated, charged with things that I never did, could prove oblivion *alibi* against them; and yet, had to bear in my youth the yoke of calumny and infamy *forged* for my neck by others. But I have only the more loved the cause and the Society. As to the late innovations, I entirely reprehend them! Woe to their authors, if splitting and bisection are again to result. *Festina lente—non repentino—cave et fave*—are mottoes that I would commend to them and to the General Assembly. Beware of Rehoboam's policy. He repudiated the counsel of old men, took that of young ones, split Israel—and the chasm was *never* healed." —*Hartford Ordender.*

ILLUSTRATION OF PROPHECY.—The projected railroad from Alexandria through Jerusalem to the East, is likely to become the literal fulfillment of ancient prophecy. A contemporary says:

The projected railway towards India is to enter the Holy Land at Joppa, passing through Damascus and Aleppo, and so on through the ancient Assyrian Empire. A branch will ultimately unite this line with Alexandria in Egypt, passing through Jerusalem. And remembering that there are no formed roads in that region, we shall thus have accomplished, literally for the first time in history, the prediction of Isaiah:—"In that time there shall be an high way out of Egypt to Assyria, and the Assyrian shall come into Egypt, and the Egyptian into Assyria. In that day shall Israel be third with Egypt and Assyria."

We learn from the Christian Witness, that Dr. Vinton has declined the Episcopate of Texas.—He is pre-eminently useful where he is, and has qualifications to adorn and fill any place or office the church can give him. He has, without doubt, acted in this case from sufficient and controlling reasons of duty.—*Banner of the Cross.*

NEW MARATHI BIBLE.—Two Missionaries at Bombay, Mr. Robertson of the Church Missionary Society, and Mr. Hazen, of the American Board, are engaged in preparing and carrying through the press, a new edition of the Bible in Marathi. The edition is to be of 5,000 copies, and they hope to have it in circulation by the latter part of the present year.—*Ib.*

SEVERE FIRE.—We are very sorry to be compelled to record the burning of the large new steam *mill* owned by E. B. GARDNER & BRO., at Little Sturgeon Bay, on Monday morning, July 6th. This mill was new last fall, was of the most expensive kind, having been made for long sawing, such as bridge and vessel stuff, &c. The entire loss of mill, provisions and lumber, (about 250,000 feet) we are told, will amount to $85,000, with no insurance. The mill took fire from the smoke pipe when all hands were busy at work in and around the mill, and the fire spread so rapidly that nothing of value was saved. We are told it required the utmost exertion to save the brig *Fanny Gardner* (laying at the mill-dock) from burning. Mr. GARDNER is perhaps better able to stand a heavy loss than any other man on the Shore. He has made a fortune in the business and knows how to make more. Of course he will rebuild.—*Green Bay Advocate.*

ARREST FOR MURDER.—A very interesting trial for murder, by poisoning, came off before justices Arndt and Kies on Monday last. The prisoner a Belgian by the name of Filie Meltra, a man of about 22 years, was charged with procuring poison in this city and deliberately feeding it to his wife until she died from its effects.—The evidence was such as to warrant the justices in committing him for trial at the next regular term of the Circuit Court, although it appeared from the testimony that the murder, if committed, was committed in the County of Kewaunee and the prisoner arrested there and brought into this county for trial. The next day a writ of *habeas corpus* was sued out and the prisoner discharged on the ground that the Justices had no authority to send process into Kewaunee County and arrest the prisoner and in that mode gain jurisdiction. T. O. Howe, Attorney for prisoner, J. Last, Attorney for State.—*Green Bay Advocate.*

MEETING OF THE NORMAL SCHOOL BOARD OF REGENTS.—This body met at the Capitol yesterday afternoon, and organized by calling Rev. A. BRUNSON to the Chair, and appointing D. Y. KILGORE, Esq., Secretary.

Messrs. Edward Cooke, A. Brunson, A. C. Spicer, J. L. McKindley, N. H. Virgin, S. A. Bean, D. Y. Kilgore, M. P. Kinney, J. J. Enos, were present.

Mr. P. Kinney, of Racine, was elected President, Edward Cooke, of Appleton, Vice President, and D. Y. Kilgore, of Madison, Secretary.

We shall give a synopsis of their saying and proceedings to-morrow.—*Madison Journal.*

GREAT DRUM.—Among other appliances which were sought to augment the musical effects at the late Handel Festival was a monster drum. The tone is full and resounding and more resembles that of a bourdon organ-pipe both in quality and continuance than that generally obtained from an instrument of percussion. The vibration continues after the drum has struck for nearly a minute, and for a long period its pulsations are distinctly perceptible at a short distance. The diameter is between six and seven feet, the frame is said to contain three hundred pieces of mahogany, adroitly joined in a manner best adapted to secure its freedom from warping.

APPOINTMENTS.—J. V. SUYDAM has just received the appointment of Collector of the Port of Green Bay, in lieu of C. L. WHEELOCK resigned; and F. B. WAITE has been appointed U. S. Deputy Marshal for Brown county, in place of Ebr. HICKS, resigned. Messrs. S. and W. are good democrats, and we believe will make good officers.—*Green Bay Advocate.*

THE CROPS.—Never has there been more flattering signs of an abundant harvest in this county than at present: and as far as we can learn the same is true of every part of this State.—Strangers who have been travelling in search of locations say that, according to the present prospects, Waukesha will produce more grain, than the entire of some of the older, grain growing States.—*Waukesha Democrat.*

☞ Three fugitives from slavery, a man, wife and child, arrived at the Falls Wednesday morning. They left Delaware nearly three months ago, when the child was but two or three weeks old and seemed to have a hard road to travel. A collection was raised at the hotels to help them on their way; and at 10 o'clock they passed over to Canada.

While the inland waters of the United States have been comparatively exempt from steamboat accidents during the last six months, the burning of the steamship Louisiana, on the 31st of May, in Galveston Bay, and the destruction, by fire, of the steamer Montreal, on the St. Lawrence River, have involved the loss of many lives:

The others, except Miss King, who is going home, go abroad for the first time. Mrs. Williams is the daughter of Rev. Sewall Harding, Secretary of the Congregational Board of Publication, and the second of his daughters now gone to the same Missionary field. Mrs. Leonard is a daughter of Mr. G. Gilbert, of Hampden Ct.—*Boston Puritan.*

Special despatch to the New York Times.

American interests in Nicaragua.

WASHINGTON, July 14.

The policy of immediately opening the Nicaragua Transit route is under consideration. General Cass is of opinion that, in default of any permanent Government in Nicaragua, it is our duty to afford protection to our citizens and commerce, and he fully maintains the position taken in his letter to the Walker meeting in the Park lastyear, and being sustained by Mr. Buchanan's letter, when Secretary of State to Mr. Hise, the American Charge to Central America, on the subject of the Nicaragua route.

☞ The excavation of the Capitol enlargement begins to show the outlines of the foundation wall of the new building. The trenches for the ten front pillars and for the main wall have been partly completed, and the masons will be at work in a few days laying up the walls.—Great heaps of stone and materials have been collected and piled up about the Park, and the locality has a decidedly business air just now.—*Madison Journal.*

Addresses were made by Hon. A. K. Parker, Benjamin F. Butler and others.

The Vermont State Convention assembled at Rutland yesterday, and nominated Willis Lyman of Burlington, for Lieut. Governor, and J. T. Thurston, of Montpelier, for Treasurer. Resolutions were adopted sustaining the policy of the Buchanan Administration, approving the Dred Scott decision, approving the course of Governor Walker in Kansas, advocating repeal of the prohibitory liquor law. A resolution of respect to the memory of Wm. L. Marcy, was also adopted.

WASHINGTON, July 16.

POLICE COURT, JULY 17.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

G. K. Hayden and Ludwig Harstein, fined $1 each for being drunk.

John Schitter, drunk and disorderly, fined $5.

Geo. W. Creighton, charged with assault and battery upon Chas. Roelke, tried, found not guilty and discharged.

John Graff and Frederick Graff, charged with assault and battery, a jury was called and the case continued until the 17th inst. for trial.

CIRCUIT COURT—July 17.

HON. ARTHUR MCARTHUR PRESIDING.

The Court was occupied all day in the trial of the Mormon, Isaac Pierce, indicted for burglary in the town of Oak Creek. The jury brought in a verdict of guilty, but as the counsel for the defendant was not in the city, the judge deferred his sentence, and it is understood that a motion will be made for a new trial.

When Pierce was asked if he had anything to say for himself, he made quite a speech, declaring his innocence, and at the same time he took the opportunity, as he is an elder, to deliver a sermon upon the truth of the Mormon Bible, the virtue of the saints, &c., &c. He also eulogized Joe Smith as the "man of God," and made quite an oration in defence of Mormonism in general.

La Cross & Milwaukee Railroad.

An excursion train passed over this road on Thursday, carrying a few of the officers of the Company, several gentlemen from the East, who have come here at Mr. KILBOURN'S invitation, to look into the affairs of the road, and a dozen or two of our own citizens. Unavoidable engagements at home deprived us of the pleasure of accompanying the party. We learn, however, from those who were on the train, that they had a delightful ride, found the road in excellent order, and took glad note of the promising appearance of the crops.—The train went to the present terminus of the road, several miles west of Portage City, and returned to town about 10 P. M. We hear that the Eastern gentlemen who were of the party, expressed themselves highly pleased with the condition and prospects of the road, and quite sanguine as to its becoming one of the greatest thoroughfares in the North West.

Dramatic and Poetic Readings—Miss Sara Stevens.

Miss STEVENS' first appearance in this city, at Young's Hall, on Thursday evening, was greeted by an excellent audience, in the favor of whom the lady at once established herself. Her personal appearance is quite prepossessing, her carriage admirable, her voice finely modulated, and her gesticulation natural and effective.

Her renderings of the death scene of Minnehaha in "Hiawatha," and of Tennyson's "May Queen," were very effective indeed, simple, natural and beautiful—and were greeted with enthusiastic applause.

We are pleased to learn that our citizens will have opportunities of listening to Miss STEVENS again, on Monday and Tuesday evenings of next week.

A WELL DESERVED REPRIMAND.—We were pleased, yesterday morning, to see that the Police Justice and City Attorney severely reprimanded the policemen who arrested those rowdies whom we spoke of yesterday for making a disturbance on Main st on Wednesday night, for not fully representing the misconduct of which the prisoners had been guilty. It would appear from the light penalty with which Justice Walworth let them off, that in comparison with other cases of the same nature, he showed some partiality. This, however, is not the case, for the policemen who made the arrest represented the offence as a very trivial one, and they, if anybody, are to blame, for showing partiality on account of the position, standing and good clothing of the offenders. Had the rowdies been poor men, no doubt the offence would have been fully represented, and the fine for such an offence as that of which they were guilty, would not have been less than $15 or $25.

We make these statements in order to show that Justice Walworth was not to blame for letting the prisoners off so lightly. Justice was never more impartially administered to all, whoever, or whatever they may be, than by him.

RATHER MIXED.—Yesterday, might have been seen driving through the principal streets of the city, that industrious individual known as "Gabriel," the immortal yeast man, who for years past innumerable, has regularly supplied every house-keeper in the city with that essential ingredient for making good bread—yeast!

Well, we were going to say that he might have been seen driving through the streets—not, however, as he is usually seen, for Gabriel has lately taken a notion into his cranium, that plebian dress is no longer fit for him to wear, and that his meritorious services entitle him to something more *noticeable*. He has consequently rigged himself out in the uniform of an Austrian Brigadier General, combining all the colors of the rainbow, together with a hat of the most fantastic Indian style, and to cap the climax, he has erected four "star-spangled banners" upon each corner of his chariot, and in this manner he drives through the streets, to the huge gratification of himself and all the boys in town, with all the pomposity of a Russian nobleman, peddling yeast at a penny a measure!

Go it, Gabriel, if you are rather mixed, the dough wouldn't mix well without your yeast!

Blow your horn, old fellow, and don't let the boys scare you now, as the Common Council has failed to do it!

NEW LUMBER YARD.—Messrs. Pierce, Caswell & Co., have established a new and extensive Lumber Yard, at the corner of East Water and Division streets, directly west of Chestnut street bridge. They have, at a heavy expense, converted this lot, or rather three lots, which heretofore have been a useless mud hole, into a handsome piece of *terra firma*, upon which they are now filling up large quantities of timber of every size and variety that can be needed for building purposes. See their advertisement.

NOT GUILTY.—We stated yesterday that the man who stabbed Charles Roelke, on Monday night, had been arrested. This happens not to be so. A young man named Geo. W. Creighton, who is in the employment of the L. C. R. R., was arrested on the testimony of Roelke, and two witnesses, and the case brought up and tried in the Police Court yesterday morning, when an *alibi* was clearly proved by four witnesses, and the young man dismissed.

A man named Smith, with whom he boarded, and also Smith's wife, a visitor who was stopping at the house that night, and Creighton's room-mate, all swore that he was in the above house, and in his bed at the time that he was charged with committing the deed.

Roelke, however, swore that he was the man who stabbed him, and said he saw him plainly picking up his cap. The two witnesses also said they were sure it was he, yet they would not take their oaths that it was.

From this it appears that Creighton is innocent, and that the assassin is yet at large.

THE EXHIBITION OF THE BLIND LAST NIGHT.—The exhibition of a class from the State Institute for the education of the blind, at Young's Hall last evening, was quite a novel and interesting entertainment. The scholars acquitted themselves in a manner which shows beyond a doubt that the blind, under a proper instructor, are capable of learning all the useful branches of education.

The exhibition reflected credit upon the instructor, and demonstrated the object and value of the institution.—We have not space at present to notice their recitations; which were highly satisfactory to all who witnessed them. This evening they will give a Concert of vocal and instrumental music which we hope will be well attended.

AN IMPROVEMENT NEEDED.—Something should be immediately done to improve the state of the alley, and the lots in the rear of East Water Street between Wisconsin and Mason streets. There are large pools of stagnant water between the dock and the street, in which all kinds of filth have been accumulating for the past two years or longer, and which must be anything but beneficial to the health of our city. It is a public disgrace to have such a nuisance in so public and wealthy part of the city, and it is now high time to have something done to abate this nuisance. We trust that the Seventh Ward Aldermen will not allow it to remain much longer unabated.

PANORAMA OF EUROPE.—A very capital Panorama, embracing some of the most attractive points in Europe, will be opened at Young's Hall next week.—From what we hear of it, we can promise our citizens a rare treat. It is said to be the largest and finest Panorama in the world, and besides views of Paris, Hamburg, Bauen, Berlin, Brussels, Rome, Naples, the Alps, Mount Vesuvius, &c., gives a very striking and correct representation of the Siege and Bombardment of Sebastopol.

CYCLOPEDIA OF WIT AND HUMOR.—This work, published by D. APPLETON & CO., of N. Y. and edited by BENTON, has reached its third number. It is to be published in 24 parts, issued semi-monthly, and being handsomely printed, properly illustrated and filled with humorous stories, poems, &c., by the best American and British authors, cannot fail to become popular. Copies may be obtained at ANDER'S. News Depot, or of the Agent Mr. T. MASSE, who is now canvassing our city for subscribers.

ENGRAVING.—Some of our citizens do not yet know that we have in Milwaukee as good an engraver of cards, &c., as can be found in the country, and they will thank us for saying that Mr. N. D. DEARBORN, at No. 200 East Water St., is ready to save them the trouble of sending to New York or elsewhere for the various kinds of Visiting, Wedding, Business Cards, &c. We have examined with pleasure many specimens of this artist's work, and we speak "by the *card*."

REAL ESTATE.—Messrs. Clark & Ilsley advertise this morning a splendid piece of property for sale, which offers an excellent opportunity for a profitable investment.

They also advertise a fine house and lot in the Seventh Ward for sale, which is pleasantly situated, near the centre of business. See advertisement elsewhere.

AMUSEMENTS THIS EVENING.—There is a great attraction at the Concert Saloon of Gardiner & Swaney, on Main Street, this evening. Mr. BERRY, the Irish comic singer, and Miss JENNY TOWNES, will appear.

At the People's Garden on Market Street, there will also be an interesting dramatic entertainment given.

KELLOGG & STRONG'S PIER.—Mr. T. G. BILTY, proprietor of the Tremont House, has leased this pier and put it in good order, and we understand has made arrangements to have the Buffalo, Lake Superior and Chicago boats land there in future.

NEW SALOON AND RESTAURANT.—Mr. HENRY MILLER has converted his well-known Toy and Confectionary shop, No. 150 East Water Street (U. S. Block) into a handsome and airy Saloon and Restaurant, and opens it to the public to-day with a free Lunch.

STREET COMMISSIONERS' NOTICE.—The Aldermen of the 7th invite proposals, till Tuesday next, for filling lots 7 and 8, block 60, to abate the nuisance thereon.

SPRING STREET BRIDGE.—This bridge is being newly planked, and was consequently impassable for teams all day yesterday. It will probably be finished before evening.

PARTICULAR NOTICE.—We would thank our friends of the *Banner*, and also of the *Sea Bole*, to direct their carriers to leave their papers at our office more regularly, as we like to see how our items look in German.

REAL ESTATE SALES YESTERDAY.—Mr. J. S. FILMORE, Land and Collecting Agent, No. 246 East Water Street, reports the following registered sales of real estate:

From the New York Tribune of July 16th

CLEVELAND, Ohio, July 11, 1857.

THE reducing of fares lately instituted by the New York and Erie R. R. Co., necessarily involves, and is being followed by other roads which are parallel to the railroads. We consider the policy ruinous. On Wednesday next, July 15, our respective roads will refuse to license over, or honor the coupons, or to check baggage over the New York and Erie, or any other Railroad reducing rates, and have given notice to that effect.

Will your Company take like action? Please reply definitely and immediately.

Marine Intelligence.

STEAMERS IN PORT.—Our docks presented a rare sight on Sunday last. Six following named steamers lay beside them at one time:—The *Queen City*, *Michigan* and *North American*, lake steamers, and the *Fannie Fisk*, *Queen City*, *Pearl*, *Pioneer*, *Aquila*, *M. L. Martin*, *Queen* and *Forest Queen*, our Bay steamers. All of these boats (except the *Michigan* and river steamer *Queen City* and *Pearl*) are owned and controlled by our citizens. Our lake trade has more than doubled within a few years, and still the cry is *more* business and more boats.—*Green Bay Advocate*, July 10.

FOR LIVERPOOL.—We learn by a private dispatch from Oshkosh, that the new schooner C. J. Kershaw may be expected here from that port to-day. She is to load immediately with staves, at the Detroit and Milwaukee depot, and will sail direct for Liverpool. She has more than the capacity of 125 M, part of which Capt Pierce, her commander, takes on his own account, and the remainder are shipped by Messrs. Fowler and Merrick of this city. There will probably be a general rush of those interested in marine matters, to see the Kershaw before she sails.—We shall expect to see in her a model craft.—*Detroit Advertiser*, July 15th.

SALE OF THE 20TH.—A chance for speculation. Our list of property for sale at public sale of the 20th is daily being added to, and some very choice lots will be offered at prices which at any other time would be considered as ruinously low.

On the list we have a tract of 27 acres adjoining the city, which offers the best chance for a good investment of any property which has been sold this season, and the terms are such that a fortune can be realized from the land before one quarter of the purchase money falls due. We call the attention of capitalists to this sale, and assure them that there will hardly be such another opportunity this year for making cheap purchases.

Our catalogue will be prepared in a few days, for the meantime we will add to it such lots as the owners may wish to dispose of in this manner.

jy16 OGDEN & WALL.

CHEAP PROPERTY.

WE have for sale, at a great bargain, a house and lot, in a favorite part of the city. Also some lots in the 5th ward—all of which offer great inducements for a large profit in a few months. We have also some good houses to rent.

OGDEN & WALL.

VLIET'S ADDITION.

A large number of lots in the above addition were sold yesterday, but at the request of many who had not been on the ground the sale was *adjourned* to Tuesday next, July 21st, to *take place on the ground*, when the remaining lots will be sold to the highest bidder.

All persons who intend making investments in Real Estate are invited to attend this sale.

No part of the City is improving more rapidly, and each year it will have the opportunity afforded of seeing the lots upon which they may wish to bid.

CALEB WALL, Auctioneer.
